Programme Partner seminar 30.10.2013, Kuusankoskitalo, Kouvola

Cross-Border Road Traffic Safety -project

The project aims to:

- Strengthen regional and local sustainable road safety and sustainable economic development in the Leningrad Region of Russia and in Southeast Finland
- Transfer the Nordic and Finnish road traffic safety knowledge and practices to Russian transport sector professionals

Cross-Border Road Traffic Safety -project

The project aims to:

- Improve road traffic safety and reduce road traffic accidents, deaths and injuries
- Especially improve traffic safety of the vulnerable road users (pedestrians, bicyclists and schoolchildren)

Cross-Border Road Traffic Safety –project

Special tasks in Russia are:

- Traffic safety programmes of the Vyborg and Vsevolozhsk Municipal Districts for the period 2014–2020
- Implementation of pilots to improve pedestrian crossing's visibility and to install traffic calming constructions in Vyborg and Vsevolozhsk Municipal Districts
- Training of local road traffic planners and designers in Russia (Workshop in St. Petersburg 6.11.2013)

Cross-Border Road Traffic Safety -project

Special tasks in Finland are:

- Traffic safety programme of cross-border road traffic for the border roads of Southeast Finland for reducing border traffic problems and accidents (transport through Vaalimaa, Nuijamaa and Imatra border crossing points)
- Pilots to improve road traffic safety according the traffic safety programme of cross-border road traffic in Southeast Finland
- Seminars: Road Traffic Safety conference, 12.-14.2.2013 in Helsinki; Final seminar of the project, spring 2014, in St. Petersburg)
